Address	34036 대전 유성구 테크노11로 32, 네스앤티크 34036, 32, Techno 11-ro, Yuseong-gu, Daejeon, Korea, NES&TEC Co.,Ltd.				
Exhibits	무인기 시스템 UAV System				

전시품 개요

SWID

- 국내 드론 분야 최초 우수조달물품 지정되어있다.

Size : D860 X H370 mm
Payload : 0.5kg
Weight : 5.5kg
Operating Speed : 40km/h (Auto mode)
Operating Range : 5km
Operating Time : 30min
· Surveillance reconnaissance specialized
· Equipped with encryption module

SWID2의 기능향상

- 감시 정찰 편의성 향상
- 영상 추적 기능 강화
- 영상 분석 기능 강화
- 비행 안정성 강화
- 영상기반 정밀 착륙
- 수요처 특화
- 국가 표준 암호화 기능 적용
- 계정 보안 기능 추가

SWID

XeFi2

- Size : D650 X H140 mm
Payload : 0.5kg
Weight : 3kg
Operating Speed : 40km/h (Auto mode)
Operating Range : 5km
Operating Time : 30min
· Surveillance reconnaissance specialized
· Equipped with encryption module

XeFi2

TM-200

- Size : D1420 X H550 mm
Payload : 6kg
Weight : 14kg(With battery)
Operating Speed : 40km/h (Auto mode)
Operating Range : 5km
Operating Time : 60min (Without Payload)30min (With Payload)
· Aiming on the target using control attitude
· Precise strike specialized
· Equipped with encryption module

Exhibits Description

SWID

- Designation of the first excellent procurement product in the Korean drone field

Size : D860 X H370 mm
Payload : 0.5kg
Weight : 5.5kg
Operating Speed : 40km/h (Auto mode)
Operating Range : 5km
Operating Time : 30min
· Surveillance reconnaissance specialized
· Equipped with encryption module
SWID2 Enhancement of functionality
· Improve surveillance and reconnaissance convenience
· Enhanced image tracking
· Enhanced image analysis
· enhanced flight stability
· Image-based precision landing
· specialization of a place of demand
· Apply National Standard Encryption function
· Add Account Security function

XeFi2

- Size : D650 X H140 mm
Payload : 0.5kg
Weight : 3kg
Operating Speed : 40km/h (Auto mode)
Operating Range : 5km
Operating Time : 30min
· Surveillance reconnaissance specialized
· Equipped with encryption module

TM-200

- Size : D1420 X H550 mm
Payload : 6kg
Weight : 14kg(With battery)
Operating Speed : 40km/h (Auto mode)
Operating Range : 5km
Operating Time : 60min (Without Payload)30min (With Payload)
· Aiming on the target using control attitude
· Precise strike specialized
· Equipped with encryption module

TM-200

적용분야

- 정찰 드론 시스템
- 공격 드론 시스템
- 통합 관제 솔루션

Field of Applications

- Reconnaissance Drone System
- Attack Drone System
- Integrated Control Solution Integrated Control Solution
